

Special regulations for the approval procedure concerning special permits for exceptional vehicles and exceptional transports as well as for Sunday and night journeys

1. The applicant is obliged to fill in the required information truthfully. A granted permit may not be modified.
2. The issued permit must be carried by the driver during the designated journeys and must be presented during controls (in paper or electronic form).
3. The instructions listed in the issued permit must be followed by the driver of the vehicle.
4. Signalized restrictions must be followed unless otherwise specified in the permit.
5. The vehicle owner is liable for damages; the road owner cannot be prosecuted.
6. Any danger, obstruction or disturbance to others must be avoided, and crossing and overtaking must be facilitated. In difficult traffic situations, the additional necessary safety precautions must be taken (Art. 26 and 42 SVG; Art. 84 and 85 VRV).

These special regulations apply to all journeys in Switzerland.
